

International Training Institute
For the Sheet Metal and Air Conditioning Industry

A GREAT CAREER

The International Training Institute (ITI) offers viable postsecondary education for qualified candidates with a strong aptitude for math, problem solving, mechanical skills and spatial relationships.

An education as a skilled union craftsman has never looked better:

- Full Scholarship/Free Curricula Materials
- Graduate with No Tuition Debt
- Earn While You Learn
- College Accredited (American Council on Education)
- High-tech & Management Career Options

It's time to reconsider the skilled construction trades.
